PROFILE SUMMARY

Front-end Developer with 6 months of experience in building responsive, user-friendly web applications. Proficient in HTML, CSS, JavaScript, and modern frameworks like React.js. Skilled in UI/UX design, state management (Redux/Context API), API integration, and performance optimization. Passionate about crafting seamless digital experiences with a strong focus on clean, maintainable code. Adept at collaborating with designers and backend developers to deliver high-quality projects.

PROFESSIONAL EXPERIENCE

GVclouds Secure,(*Front-end developer intern)*   Sep 2024 – feb 2025 | Noida

- Assisted in designing and developing responsive web applications using HTML, CSS, and JavaScript.

- Collaborated with the design team to implement user-friendly interfaces and improve user experience.

- Debugged and optimized existing code for performance and compatibility across devices and browsers.

- Mastered version control systems using Git, managing code changes for a Front-end development team and ensuring streamlined collaboration.

PROJECTS

E-COMMERCE WEBSITE | GitHub
- Developed a responsive and user-friendly e-commerce website using HTML, CSS, JavaScript, and React.js.
- Optimized UI/UX for seamless navigation and enhanced performance. Integrated RESTful APIs for dynamic data handling and ensured cross-browser compatibility.
- Implemented cart functionality, user authentication, and order management.
- Optimized performance with lazy loading, code splitting, and caching.
    Tech Stack: HTML   CSS   JS   React.

BUBBLE GAME | GitHub
- Developed an interactive Bubble Game using React.js, where users select numbers on the screen to earn points.
- Each selection increases the score by 10 points, and new numbers appear dynamically.
- The game runs on a 60-second timer, challenging players to maximize their score.
- Implemented efficient state management with Redux, optimized rendering for seamless gameplay, and enhanced UI with responsive design and animations for an engaging user experience.
    Tech Stack: HTML   CSS   JS   React.

TO-DO LIST |GitHub
- Developed a to-do list app using ReactJS and Redux for state management.
- Implemented core features like adding, updating, and deleting tasks.
- Designed a responsive UI to ensure compatibility across devices.
- Optimized performance by efficiently managing component re-renders.
- Maintained clean and modular code for scalability and future enhancements.
    Tech Stack: HTML   CSS   JS   React.

SKILLS

Front-end JavaScript ReactJS GitHub

HTML5 CSS Tailwind CSS   Bootstrap

CERTIFICATES

Front-end Developer (Jan-june 2024)

Uncodemy (NOIDA)

Completed 6-month Front-End Bootcamp with focus on React.js

EDUCATION

Pursuing Master's degree (M.sc.)   (2023-25)

Siddharth University

Bachelor of science (B.sc.) (2019-22)

Deen Dayal Upadhyaya (DDU) Gorakhpur University

Class XII (Good Shepherd English School)

CBSE (2019)

Class XII (Good Shepherd English School)

CBSE (2017)
